

SAFETY DATA SHEET

Section 1 Identification

Product Identifier:	Original Formula™ Mold Grease		
Manufacturer Identification:	IMS Company 10373 Stafford Road Chagrin Falls, OH 44023-5296 WEB www.imscompany.com	Emergency Phone Prepared by Prepared/Revised E-mail	800-424-9300 Product Safety Advisor January 23, 2015 sales@imscompany.com
Validation date:	January 23, 2015		
Product Uses:	Lubricating grease		

Section 2 Hazard Identification

NO HAZARD

Section 3 Composition/Information on Ingredients

Ingredients All components in this product do not have any known health hazards or are present below their cut-off concentration limits

Section 4 First Aid Measures

Routes of Exposure:	
Skin Contact:	Wash the skin with plenty of soap and water immediately. Remove and wash contaminated clothing before reusing. Consult a doctor if an irritation develops
Eye Contact:	Rinse eyes immediately with running water for minimum 15 minutes. Consult a doctor if an irritation develops
Inhalation:	Remove to fresh air. Consult a doctor if person develops difficulty breathing, or if an irritation develops
Ingestion:	Do not induce vomiting unless indicated by health care professional. Consult a doctor immediately
Notes to Physician:	Treat symptomatically

Section 5 Fire-Fighting Measures

Recommended extinguishing media:	Carbon dioxide, dry chemical, foam
Non-recommended extinguishing media:	Solid streams of water are likely to spread the fire. Use water spray only to cool outside of containers
Hazardous Products of Combustion:	carbon oxides (CO _x), nitrogen oxides (NO _x), sulfure oxides (SO _x), butane, and irritating smoke from incomplete combustion
Special protective equipment for fire fighters:	Full face and body protection

Section 6 Accidental Release Measures

Spill Procedures:	Stop the spill / leak if possible without presenting a risk. Assure that ventilation is adequate. Evacuate the affected area and surroundings. Sweep / pump the product, ensuring that the spill is contained. Apply the absorbent material on the residue. Discarded product must be disposed of in accordance with the provincial / state and local environmental regulations. Never dispose the product in a drainage system that leads to the public sewer
Personal Precautions:	Do not take any measures that might put personal safety at risk. Wear appropriate respiratory device, and appropriate personal protective equipment (see section 8)

Section 7 Handling and Storage

Precautions for safe handling:	Keep away from incompatible materials (strong oxidizers) and potential sources of ignition. Do not eat, drink or smoke around product. And observe pertinent local fire regulations
Precautions for safe storage:	Store product away from incompatible materials such as strong oxidizers. Keep products in closed, original containers when not in use to avoid airborne dust etc. and in well ventilated areas

Section 8 Exposure Controls / Personal Protection

Engineering Controls:	No special equipment required, except general ventilation to control the amount of suspended molecules in the air and limit exposure
Personal Protection:	Wearing of safety glasses, face shields, respiratory protection, aprons, long sleeves, gloves and safety boots. Local ventilation may be required to control exposure levels
Exposure Limits:	5 mg/m ³ Oil Mist Particulate

Section 9 Physical and Chemical Properties

Appearance:	Solid, Sticky white paste
Lower flammability limit:	Not flammable
Odour:	Odourless
Vapour Pressure:	Not applicable
Vapour Density:	Not applicable
pH:	Not applicable
Relative Density:	<1.0 g/ml
Freezing/Melting Point:	< -40°C / -40°F
Solubility in water:	Not soluble
Boiling/Condensation Point:	>260°C / 500°F
Flash point:	260°C
Evaporation Rate:	Not applicable
Auto-ignition temperature:	310°C
Viscosity:	Standard NLGI grades

Section 10 Stability and Reactivity

Reactivity:	This product will not react under normal storage and handling conditions
Chemical stability:	This product is stable under normal ambient temperature and conditions while in storage and being handled
Hazardous Polymerization:	Will not occur
Product Incompatibility:	Avoid all oxidizing agents, strong acids and bases, sparks or any other potential sources of ignition
Hazardous decomposition products:	Carbon oxides (CO _x), may emit butane, acrolein and other irritating vapors at combustion temperatures

Section 11 Toxicological Information

Irritancy:	Prolonged and frequent contact and absorption by the skin can lead to a coetaneous irritation and dermatitis Ocular contact can lead to slight irritation of the eye Ingestion of this product can result in an irritation, nausea or diarrhea
Reproductive toxicity:	Not available
Carcinogenicity:	Not available
Mutagenicity:	Not available
Teratogenicity:	Not available
Effects of Acute Exposure:	Not available
Effects of Chronic exposure:	Not available

Section 12 Ecological Information**ENVIRONMENTAL FATE**

Atmosphere:	Not available
Water:	Not available
Soil:	Not available
Bioaccumulation Properties:	Not available
Products of Biodegradation:	Not available

Section 13 Disposal Considerations

Treatment:	Dispose of the surplus and the non-recyclable products by means of a specialized authority, in accordance with the regional, national and local applicable laws and regulations
Recycling Options:	Reuse the empty containers if possible, after rinsing them well, or for application of another similar product

Section 14 Transport Information

In case of emergency:	CANUTEC: 613-996-6666 Poison Control Centre: Consult local telephone directory for emergency numbers(s)
Special Provisions:	
TMD Classification:	Not regulated
DOT classification:	Not regulated
Special Shipping Instructions:	None

Section 15 Regulatory Information

WHMIS Classification:	This product is not controlled as per WHMIS specifications (Canada)
CPR Compliance:	This product has been classified in accordance with the hazard criteria of the <i>Controlled Products Regulations</i> and the SDS contains all the information required by the <i>Controlled Products Regulations</i> .
CEPA Status (DSL):	This product or all of its components are currently listed on the Domestic substances List (DSL), as described under the Canadian Environmental Protection Act (CEPA)
TSCA Inventory Status:	This product and/or all of its components are either included on or exempt from the TSCA Inventory of Chemical Substances
Conformity to other Regions	Available upon request

Section 16 Other Information

Hazardous Material Information System (USA):	Health	1	National Fire Protection Association (USA):	
	Flammability	0		
	Physical Hazards	0		
	Personal Protection			
Precautionary Labels:	None			
List of References:	Available upon request
